Dual-SIM

## Getting started

① Charge the battery
② Insert or remove the microSD card.
③ Insert or remove the SIM card.

Single-SIM

Home screen

You can bring all of the items (applications, shortcuts, folders) that you use most frequently to your Home screen for quick access.

Touching the **Home** button always takes you back to the main Home screen.

1 : Tap to access the complete Settings menu.

2 : With the notification panel open, tap the top of the screen again and drag down to see the Quick Settings menu.
Phone call

Making a call

Enter the desired number from the keyboard and touch to make a call.

Answering a call

When you receive a call, swipe right to answer or swipe left to reject:

1 : Reject by Alarm

2 : Reject by SMS

Contacts

You can view and create contacts on your phone and synchronize these with your Gmail contacts or other applications on the web or on your phone.

1 : Search in **Contacts**

2 : Open the Quick contact panel

Long press to select contact(s) to delete

3 : Add new contact

Messaging

You can create, edit, and receive SMS and MMS.

An SMS will be converted to MMS automatically when media files (image, video, audio, slides, etc.) are attached or subject or email addresses are added.

1 : Send the text message

2 : Insert emoticons

Gmail

The first time you set up your phone, you can select to use an existing Gmail account or to create a new one.

1 : Account information

2 : See options and settings

3 : Swipe left or right to archive the email

4 : Create an email

Help

To get help:

- **View user manual and FAQ**

  www.alcatelmobile.com

- **Update your phone's software**

  Go to **Settings** > **System** > **System updates** to check software updates.

- **Back up your personal data**

  Go to **Settings** > **System** > **Backup** > **Back up to Google Drive** and turn it on.

- **Reset your phone**

  Go to **Settings** > **System** > **Reset** > **Factory data reset**, and then touch to reset your phone.
